

Document: Sprint 4 Report

Product Name: sano

Team Members: Kyle Delmo, Nora Fotoohi, Gianmarco Sassoli, Andy Lau, Elton Su, Alonso Israuro

Completion Date: 12.1.2025

Revision Number: 1.0

Revision Date: 12.1.2025

Action Report

- **To Stop Doing**
 - Waiting til the end of the sprint to complete tasks.
 - Making new branches on github without communicating
- **To Start Doing:**
 - Starting to work on tasks earlier into the sprint.
 - Maintaining organization in our repository.
- **To Keep Doing:**
 - Maintaining scheduled meetings.
 - Maintaining the modes of our communication.
 - Keeping clear who is doing what.

Work Completed / Not Completed

- **Completed**
 - User Story 1: As a user, I want to be able to see what ratings other givers/receivers have in order to judge whether they are unreliable or not.
 - User Story 2: As a user, I want to be able to know the amount of messages I have received so that I know which chats need my attention.
 - User Story 3: As a receiver, I want to be able to see which posts are in a nearby area, so that I don't have to travel far. As a receiver, I want to be able to see which posts are giving away food, and which ones are giving away slug points.
 - User Story 4: As a receiver, I want to be able to see the ingredients of the food being given away, in case I have an allergy. As a giver, I want to be able to post the expiration date of the food I'm giving away.
 - User Story 5: As a giver, I want to be able to easily see the posts that I have made and are active. As a user, I want to be able access the separate chats of each post I have created or interacted with.
 - User Story 6: As a receiver, I want to be able to easily and quickly

reserve a spot in order to receive a swipe.

- Not Completed
